PUBLICATIONS

Journal

2005

1. Ali Abdul-Aziz, Louis J. Ghosn, George Y. Baaklini, Richard W. Rauser and John D. Zima, "A Combined NDE-Fatigue Testing and Three-Dimensional Image Processing Study of a SiC/SiC Composite System", *Materials Evaluation*, pages 1222 to 1226, vol. 62, no. 12, December 2004.

NASA Technical Reports

2004

1. Verrilli, M.J. and Zima, J.D., "Lap Shear Testing of Reinforced Carbon-Carbon (RCC) Coupons with SiC-Fiber Reinforced Patch Adherents", report submitted to the Boeing Co on 12/17/2004. The report was used as input for a NASA selection on Jan. 7, 2005 of a team to develop a repair technology for the Shuttle's wing leading edges.
