

**COOPERATIVE EDUCATION OPPORTUNITIES
NATIONAL AERONAUTICS AND SPACE ADMINISTRATION
GLENN RESEARCH CENTER
CLOSING DATE: April 30, 2008**

Are you looking for an exciting and challenging opportunity, one that will complement your academic studies and enhance your career after graduation? If so, consider the Glenn Research Center (GRC) Cooperative Education program! We are looking for talented students in the following academic majors: Aerospace Engineering, Aeronautical Engineering, Astronautical Engineering, Computer Engineering Chemical Engineering, Electrical Engineering, Mechanical Engineering, Systems Engineering, Chemistry, Applied Physics, or Engineering Physics. Related majors may also qualify, depending on coursework and/or curriculum.

Start dates for positions are January, June, or September 2009. Start dates are determined according to organizational needs and selected students' academic schedules. Typical salary range is \$13.17 - \$22.33 per hour, based on academic classification.

| | |
|-------------------------------------|---|
| What the work entails: | You may be hired to perform trainee-level work in one of the Glenn Research Center organizations. You will work under the direction of experienced engineers, working on research and development efforts and projects. Projects are wide-ranging. You will also have the opportunity to rotate through different GRC organizations to gain a diverse perspective of the work. Complexity of the work will increase as you gain experience. |
| What are the qualifications: | <p>You must:</p> <ul style="list-style-type: none"> • Be a United States Citizen. • Be at least 16 years old. • Have at least a 3.0 GPA. • Be pursuing a baccalaureate or graduate degree in one of the academic majors or related fields listed above. • Be enrolled full-time at an accredited college or university. • At a minimum, have completed sophomore year in a baccalaureate degree program by the time you start your co-op position. • Be enrolled in your college's or university's Cooperative Education Program. • Be recommended by the Co-op Coordinator, Career Services Director, or other appropriate staff member at your college or university. |
| Basis of ratings: | Your resume and any accompanying documentation (recommendation letters, transcripts, recruiter/interviewer notes) will be reviewed by managers with vacant Co-op positions in their organizations. Your credentials will be reviewed on criteria such as education, paid or volunteer experience, and demonstrated leadership and teamwork abilities. Resume review is scheduled to begin in October 2008 and positions may be filled at any time. We strongly recommend that you apply as soon as possible. |
