**The NASA Glenn
VISITOR CENTER**

FUN

Presents

Star Gazing

**Saturday, June 19, 2004
10:00 a.m. to 11:00 p.m.**

NASA Glenn Research Center's Visitor Center will partner with Schuele Planetarium and the Cuyahoga Astronomical Association to host an all day and into the night "Star Gazing" astronomy extravaganza. Join us for an exciting day of telescopes, activities, crafts and fun!

11:00 a.m. Twinkle Tots

Jay Reynolds, Director of Schuele Planetarium, hosts this child friendly 20 minute program featuring laser dances, stars and magic. Enjoy a very basic look at stars for little ones, fun program for all ages.

11:30 a.m. – Comet Making

Watch and learn how a (kitchen) comet is created...right before your eyes! A memorable and scientifically accurate demonstration in astronomy. Fun for the whole family!

1:00 p.m. – Astronomy

See some of the new tools that astronomers are using to discover wonders never before seen in our night sky. Find out some of the newest discoveries through images from Hubble to photos taken locally!

2:30 p.m. – Choosing a Telescope

Learn what to look for and what *not* to buy! If you've considered purchasing a telescope for your family, this presentation is for you.

4:30 p.m. – 3D Mars

Take a 3D tour of Mars through the eyes (cameras) of the Mars Rovers and orbital satellites.

7:00 p.m. – Night Sky Presentation

Join us to learn what you can see in the night sky, and then go outside to a telescope and see it!
(weather permitting)

- ★ *Telescope Viewing all Day*
- ★ *Space Memorabilia Display*
- ★ *EVA the Inflatable Astronaut*
- ★ *"Fly" a Flight Simulator*
- ★ *See an Apollo Capsule*
- ★ *Take Home Souvenirs*

All adult visitors are required to present government-issued photo identification.

Foreign nationals (subject to restrictions) must present a visa or passport.
