

GENERAL CONFERENCE ANNOUNCEMENT

for

SPRAT XXII

September 20-22, 2011

**Ohio Aerospace Institute
Cleveland, Ohio**

Dear Colleague,

The 22nd Space Photovoltaic Research and Technology (SPRAT) Conference, sponsored by the NASA Glenn Research Center at Lewis Field, will be held at the Ohio Aerospace Institute in Cleveland, Ohio, on September 20th, through September 22nd, 2011.

Please reserve these dates on your calendar. Attendance is by invitation, with over one hundred people expected to attend. Additional information will be forwarded as it becomes available. The latest information regarding registration, program content, and accommodations will be available at the conference website (<http://www.grc.nasa.gov/WWW/SPRAT>).

If you have any questions, please contact Barbara Madej at (216) 433-2305, Barbara.Madej@nasa.gov.

Sincerely,

Jeremiah S. McNatt

Jeremiah S. McNatt
22nd SPRAT Conference General Chair

E-mail: jmcnatt@nasa.gov

Irving Weinberg Award Nominations:

In addition, please note that we are accepting nominations for the “Irving Weinberg Award”.

The Irving Weinberg Award is presented at every SPRAT conference to an individual who has made significant contributions to the field of space photovoltaics. The award is meant to be inclusive of all aspects of space photovoltaic research and technology, from the fundamental investigation of semiconductor materials and device improvements to innovations in array technology for mission applications. Anyone may nominate a deserving individual who fulfills the spirit of this award. Please check the SPRAT website for the nomination procedure.
