Subject: Freedom of Information Act (FOIA) Request No. GRC-07-015

In response to the subject FOIA request, NASA Glenn Research Center (GRC) has made a previous releasability determination concerning NASA contract NAS3-03063 with Knight Protective Services (KPS), all attachments, the SOW, and modifications #1-27. As a result of this determination, redacted copies of these documents have been made available to the public. These documents are attached.

In addition, this letter is to advise you that a releasability determination regarding modifications #28-30 to NASA contract NAS3-03063 with KPS has been made. In making the initial determination, the relevant statutes, case law, and guidance, as well as the comments provided by the submitter and the contracting officer were considered. Accordingly, it is my decision to totally grant your request for information. Therefore, modifications #28-30 are fully releasable and enclosed.

NASA Glenn Research Center (GRC) conducted a thorough search of all procurement systems and databases. These searches produced no records responsive to your request for copies of all performance/award fee reports. This is not an award fee contract; therefore, these documents are not applicable to this contract.

You may appeal this "no records" determination to the NASA Administrator. Your appeal must (1) be addressed to the Administrator, National Aeronautics and Space (NASA), Mail Stop: P, 300 E. Street SW, Washington, DC 20546; (2) be clearly identified on the envelope and in the letter as an "Appeal under the Freedom of Information Act (FOIA)"; (3) include a copy of the request for the Agency record and a copy of this initial determination; (4) to the extent possible, state the reasons why you believe this decision should be reversed; and (5) be sent to the Administrator within 30 calendar days of the date of the receipt of this initial determination.

There is no charge for providing this information since the applicable fees do not meet the established threshold. This FOIA request is now considered closed.

If you have any questions, you may call the undersigned at (216) 433-2813.
